

# Accompl

Uncover Your Next Reading Adventure!

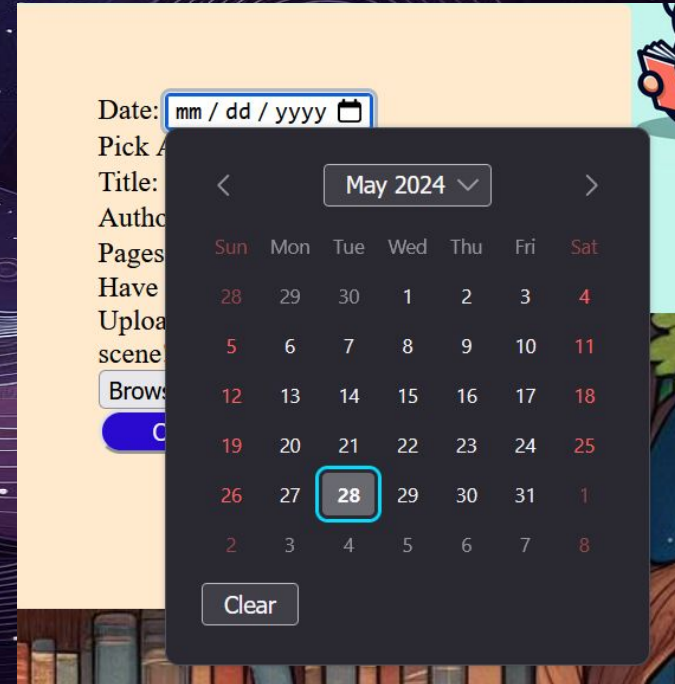

# PURPOSE

Motivate young readers between 7-12 years old to get into the habit of reading, and at the same time reflect on their readings through a book review.

# FEATURES

- Date Picker to track reading history
- Multimedia input to minimise typing
- Large buttons and cartoonised UI

# IMPACT

## 1: Increased Engagement with Reading:

Accompl can make reading more engaging and interactive for young learners. Features like book reviews and potentially interactive elements can make the process more fun and stimulating, encouraging active learning rather than simply passively absorbing information.

## 2. Formative Assessment Tool

Educators could potentially use Accompl as a tool to assess reading comprehension and gauge student engagement with reading materials. Book reviews can offer valuable insights into a child's understanding of the story and their ability to analyze and express their thoughts.
